

CYCLE IBIZA CHALLENGE

THE LAST NIGHT A DJ SAVED MY LIFE CHARITY BIKE RIDE

DATES: 17th, 18th & 19th MAY 2018

The Cycle Ibiza Challenge had huge success in 2016 and 2017, with our numbers doubling from year to year. LNADJ is hosting this event for a third year and are now inviting 50 participants to enter our 2018 cycling challenge.

This is an amazing opportunity to experience the beautiful White Isle while actively raising money for a great cause. This year, all funds raised will help to put smiles back on children's faces by aiding the Cleft Pallet operations in the Philippines.

Event participants will take in some of the most beautiful and iconic scenery on the island as they complete rides on three consecutive days. The most challenging ride takes place on 18th May. This will be divided into two levels – "Medio" and "Largo". Those who opt for Medio will ride 210km and climb 2,750m in total. Those who opt for Largo will ride 260km and climb 3,250m in total. During all rides, we will stop for refreshments and lunch in gorgeous locations carefully chosen by our expert guides from Velo Club Ibiza. So be sure to bring your camera!

DAY TWO

KIT

LNADJ has had its own cycle shirt and bib designed. Please enquire with size for details of price and availability.

AM I FIT ENOUGH?

"Medio" riders need to be familiar with handling a road bike and be capable of taking on a tough physical challenge. The "Largo" route is better suited to fit, regular cyclists who are looking to push themselves that bit further. In both cases we guarantee the pleasure will make up for any pain.
